Skills

Languages	JavaScript/TypeScript, Node.js, HTML, GraphQL, CSS/SCSS
Frameworks	React.js, Vue.js, Express.js, Next.js, NestJS, Jest, Cypress
Databases	MySQL, Firebase, MongoDB
Other	AWS, Docker, Git, Agile/Scrum, TDD

Experience

Fullstack Software Developer

Trudesk, Inc.

October 2021 — Present

Hamburg, Germany • Remote

- Improved the performance of database write requests by ~89% by leveraging MongoDB aggregation pipelines.
- Co-managed the integration of a product with a client's development team on site.
- Implemented a user authentication and authorization system based on custom GraphQL directives.
- Assisted with the planning and led the development of a new frontend for the product using TypeScript, React.js, and Next.js.

Projects

Trudesk

Help-desk/ticketing solution

Node.js, TypeScript, Docker, GraphQL

- Expanded a GraphQL-to-MongoDB request processor's support for MongoDB operators.

Trudesk Cloud

Cloud-based and on-premises SaaS frontend for Trudesk

React.js, Next.js, TypeScript, MongoDB, GraphQL

- Implemented a real-time user-agent chat.
- Built a UI library of form components with overridable behavior via hooks.

React API SDK

React.js SDK for interfacing with the Trudesk API

React.js, TypeScript, GraphQL

- Developed a React.js SDK with query status handling for easy integration of Trudesk into a preexisting React.js application.

Education

West College Scotland

NC Software and Web Development

Glasgow, UK

August 2018 — June 2019

Languages

Spanish	Native proficiency
English	Full professional proficiency
